Dear Parents

CHANGES IN ACADEMIC PROCESS

As we end the academic year 2022-23 and gearing up for the next, we would like to bring to you the following changes from the next academic year.

1. Foundation Section (FS - Pre-KG - Grade II) Departure Time

The classes in the FS will be organised in line with the NEP and NCERT FS Curriculum Framework. The FS departure time will be at **2:40 pm**.

2. Monthly Test (MT)

Keeping in mind the need and impact of continuous assessment, from the new academic year there will be standardised test at the end of every month except December. Hence MT will be held at the end of June, July, August, October, November, and January.

3. Term Examinations/Summative Assessment

There will be two term-wise assessments (SA-I & II) one in September and another in March.

4. Revision Test/Trial Examinations: keeping in mind the changing pattern of examination and assessments, at the end of the year, trial examinations will be conducted to help pupils with practice.

5. No Re-Test

The students are not expected to miss tests or examinations. The school has a NO-RETEST POLICY. Those who miss the test/Exams for medical reasons are expected to produce medical certificates as per CBSE norms.

6. Question Papers

The question papers for the test and exams will be prepared by School's Examination Department. The students are expected to master the content thoroughly with the help of the teachers.

7. Regular Learning

The lessons should be learnt and revised on a regular basis as they will be tested at regular intervals.
